19 constitute negligence or professional malpractice.

20 e. Possession or consumption of adult-use cannabis products in any of the following
21 locations:

22 (1) On a school bus or school van that is used for school purposes;

23 (2) On the grounds of any public or private school, including all facilities,
24 whether owned, rented, or leased, and all vehicles that a public or private
25 school owns, leases, rents, contracts for, or controls;

26 (3) At any location while a public or private school sanctioned event is occurring
27 at that location;

9 inhaled by an individual under twenty-one years of age.
- 10 i. Operating, navigating, or being in actual physical control of a motor vehicle,
11 aircraft, train, snowmobile, or motorboat, while under the influence of cannabis. A
12 registered qualifying patient may not be considered to be under the influence of
13 cannabis solely because of the presence of metabolites or components of
14 cannabis that appear in insufficient concentration to cause impairment.
- 15 3. This chapter does not require:
- 16 a. A person in lawful possession of property to allow a guest, client, customer, or
17 other visitor to possess or consume adult-use cannabis products on or in the
18 property; or
- 19 b. A landlord to allow production and processing of cannabis or possession and
20 consumption of adult-use cannabis products on rental property.
- 21 4. This chapter does not prohibit an employer from:
- 22 a. Disciplining or terminating the employment of an employee for possessing or
23 consuming adult-use cannabis products in the workplace or for working while
24 under the influence of cannabis. "Working" as used in this subdivision includes
25 when an employee is on call.

29 applied in a nondiscriminatory manner.
- 30 c. Disciplining or terminating the employment of an employee for violating an
31 employer's employment policies or workplace drug policy.

- 1 5. An employer may consider an employee to be impaired or under the influence of
2 cannabis if the employer has a good-faith belief that an employee manifests specific,
3 articulable symptoms while working which decrease or lessen the employee's
4 performance of the duties or tasks of the employee's job position, including symptoms
5 of the employee's speech, physical dexterity, agility, coordination, demeanor, irrational
6 or unusual behavior, or negligence or carelessness in operating equipment or
7 machinery; disregard for the safety of the employee or others, or involvement in any
8 accident that results in serious damage to equipment or property; disruption of a
9 production or manufacturing process; or carelessness that results in any injury to the
10 employee or others. If an employer elects to discipline an employee on the basis that
11 the employee is under the influence or impaired by cannabis, the employer shall afford
12 the employee a reasonable opportunity to contest the basis of the determination.
- 13 6. This chapter does not create or imply a cause of action for any person against an
14 employer for:
- 15 a. Actions, including subjecting an employee or applicant to reasonable drug and
16 alcohol testing under the employer's workplace drug policy, including an
17 employee's refusal to be tested or to cooperate in testing procedures or
18 disciplining termination of employment, based on the employer's good-faith belief
19 that an employee used or possessed cannabis in the employer's workplace or
20 while performing the employee's job duties or while on call in violation of the
21 employer's employment policies;
- 22 b. Actions, including discipline or termination of employment, based on the
23 employer's good-faith belief that an employee was impaired as a result of the use
24 of cannabis, or under the influence of cannabis, while at the employer's
25 workplace or while performing the employee's job duties or while on call in
26 violation of the employer's workplace drug policy; or
- 27 c. Injury, loss, or liability to a third party if the employer did not know or have a
28 reason to know the employee was impaired.
- 29 7. This chapter may not be construed to interfere with any federal, state, or local
30 restrictions on employment, including the United States department of transportation
31 regulation under title 49, Code of Federal Regulations, part 40, section 40.151(e) or

1 impact an employer's ability to comply with federal or state law or cause it to lose a
2 federal or state contract or funding.

25 use cannabis business is not identified.

26 3. Information submitted to a local government to demonstrate compliance with any
27 security requirements required by local zoning ordinances or regulations is
28 confidential.

1 **19-24.2-32. Report to the legislative management.**

2 By July first of each year, the department shall submit a report to the legislative
3 management. The report must be written in a manner such that no individual, person, or adult-
4 use cannabis business can be identified and must include:

- 5 1. The number and type of adult-use cannabis businesses;
- 6 2. Revenue and expenses of the department related to the implementation of this
7 chapter;
- 8 3. Sales data by product type; and
- 9 4. Information for statistical purposes.

10 **19-24.2-33. Adult-use cannabis fees.**

11 The department shall deposit all fees collected under this chapter in the fund established

13 **SECTION 12. AMENDMENT.** Subsection 1 of section 39-20-01 of the North Dakota
14 Century Code is amended and reenacted as follows:

- 15 1. Any individual who operates a motor vehicle on a highway or on public or private
16 areas to which the public has a right of access for vehicular use in this state is deemed
17 to have given consent, and shall consent, subject to the provisions of this chapter, to a
18 chemical test, or tests, of the blood, breath, ~~saliva~~oral fluid, or urine for the purpose of
19 determining the alcohol concentration or presence of other drugs, or combination
20 thereof, in the individual's blood, breath, ~~saliva~~oral fluid, or urine. As used in this
21 chapter, the word "drug" means any drug or substance or combination of drugs or
22 substances which renders an individual incapable of safely driving, and the words
23 "chemical test" or "chemical analysis" mean any test to determine the alcohol
24 concentration or presence of other drugs, or combination thereof, in the individual's
25 blood, breath, or urine, approved by the director of the state crime laboratory or the
26 director's designee under this chapter.

27 **SECTION 13. AMENDMENT.** Section 39-20-14 of the North Dakota Century Code is
28 amended and reenacted as follows:

29 **39-20-14. Screening tests.**

- 30 1. Any individual who operates a motor vehicle upon the public highways of this state is
31 deemed to have given consent to submit to an onsite screening test or tests of the

1 individual's breath or oral fluid for the purpose of estimating the alcohol concentration
2 or presence of drugs or substances in the individual's breath or oral fluid upon the
3 request of a law enforcement officer who has reason to believe that the individual
4 committed a moving traffic violation or a violation under section 39-08-01 or an
5 equivalent offense, or was involved in a traffic accident as a driver, and in conjunction
6 with the violation or the accident the officer has, through the officer's observations,
7 formulated an opinion that the individual's body contains alcohol or other drugs or
8 substances that render the individual incapable of safely operating a motor vehicle.

9 2. An individual may not be required to submit to a screening test or tests of breath or
10 oral fluid while at a hospital as a patient if the medical practitioner in immediate charge
11 of the individual's case is not first notified of the proposal to make the requirement, or
12 objects to the test or tests on the ground that such would be prejudicial to the proper
13 care or treatment of the patient.

14 3. The screening test or tests must be performed by an enforcement officer certified as a
15 chemical test operator by the director of the state crime laboratory or the director's
16 designee and according to methods and with devices approved by the director of the
17 state crime laboratory or the director's designee. The results of such screening test
18 must be used only for determining whether or not a further test shall be given under
19 the provisions of section 39-20-01. The officer shall inform the individual that North
20 Dakota law requires the individual to take the screening test to determine whether the
21 individual is under the influence of alcohol or other drugs or substances and that
22 refusal of the individual to submit to a screening test may result in a revocation for at
23 least one hundred eighty days and up to three years of that individual's driving
24 privileges. If such individual refuses to submit to such screening test or tests, none
25 may be given, but such refusal is admissible in a court proceeding if the individual was
26 arrested in violation of section 39-08-01 and did not take any additional chemical tests
27 requested by the law enforcement officer. Such refusal is sufficient cause to revoke
28 such individual's license or permit to drive in the same manner as provided in section
29 39-20-04, and a hearing as provided in section 39-20-05 and a judicial review as
30 provided in section 39-20-06 must be available.

- 1 4. The director must not revoke an individual's driving privileges for refusing to submit to
2 a screening test requested under this section if the individual provides a sufficient
3 breath, blood, oral fluid, or urine sample for a chemical test requested under section
4 39-20-01 for the same incident.
- 5 5. No provisions of this section may supersede any provisions of chapter 39-20, nor may
6 any provision of chapter 39-20 be construed to supersede this section except as
7 provided herein.
- 8 6. For the purposes of this section, "chemical test operator" means an individual certified
9 by the director of the state crime laboratory or the director's designee as qualified to
10 perform analysis for alcohol or other drugs or substances in an individual's blood,
11 breath, oral fluid, or urine.

12 **SECTION 14. AMENDMENT.** Subsection 12 of section 65-05-08 of the North Dakota
13 Century Code is amended and reenacted as follows:

- 14 12. The organization may not pay wage loss benefits if the wage loss is related to the use
15 ~~or presence of medical marijuana~~of usable marijuana or adult-use cannabis products,
16 or the presence of tetrahydrocannabinol.

17 **SECTION 15. EFFECTIVE DATE.** Sections 1, 2, 3, 4, 5, 6, 7, 8, 9, and 10 of this Act
18 become effective on July 1, 2022.
